Color Friendly

By George Calvin, the head of AEA-Tesma, a consulting firm in Washington, D.C., and a former director of the Pentagon's Acquisition Resources Office, in 1991, about the time he became interested in contract integrity. "When you have companies vying for a contract, there are always going to be pressures, and those pressures can be very strong," he said.

How Two Officials Got Caught by Pentagon's Revolving Door

The following week, on Oct. 21, Ms. Druyun and her husband William, a real estate developer, purchased a house in their home town in Donna Bridge, Fla. For them, it was the high road, not the fast lane. Ms. Druyun has never been accused of anything wrong.

Next March was the scheduled publishing date for a book of management insights contained in "Through Turbulence." The book offered, among other things, a three-step formula for ethical leadership:

"Your job is not only to tell people to be good, to make it the right thing to do," Mr. Sears wrote. "It is to make it hard to be bad, to define justice.

"It is to make the ethics so clear that it makes it easy to do the right thing," Mr. Sears wrote.

"This is a book for people who want to be ethical, to take the high road, but also to do the right thing," Mr. Sears wrote.
