Workers' comp equips injured backsider to succeed

Shawn Autry's life is divided in two: all that came before it on April 21, 1994, and all that came after.

That morning, he was leaving, lighthearted, on the track at the刚好 校对过的 training center in Paris Pike when the filly he was riding snapped her left front leg.

When Autry regained consciousness moments later, his first instinct was to get up andTad out all — especially since regulators...
