This booklet lists some of the positions and employers of Anderson MBAs. We invite you to browse through these listings and observe for yourself the breadth and diversity of career paths undertaken by Anderson graduates, as well as the variety of employers who know firsthand that a UCLA Anderson graduate management education provides a solid foundation for career success. These listings are organized alphabetically by company, and within each company by city. Within each category you can see that Anderson MBAs are employed by many firms in many settings, both within the United States and abroad. Please note that in some instances the convergence of industries has caused overlap between categories. Information is current as of July 2004. Joint Juris Doctor/MBA degree holders are denoted by "MBA/JD" following their class year, joint Master of Public Health/MBA degree holders are indicated by "MBA/MPH" and joint Medical Doctor/MBA degree holders are indicated by "MBA/MD."
